Courses include lecture, follow-along demonstrations, hands-on exercises, interactive dialogue, and a detailed Dentistry By Design Course reference guide. At the San Diego Facility we feature an intimate course setting of no more than 10 doctors to provide you with the personalized attention you deserve. All courses are held at the San Diego Facility

A \$500 non-refundable deposit is required to register for a course. Tuition must be paid in full 30 days prior to the course date. Cancellations must be made in writing 30 prior to course date. Attendees who reschedule or cancel within 2 weeks of the course date will forfeit 50% of tuition excluding the deposit. We are happy to accept Patterson/Sirona Advanced Training Vouchers. Course dates are subject to change.

Dr. Rich Masek

Dr. Rich Masek is a CEREC pioneer having created and developed many innovative CAD/CAM solutions for everyday as well as complex cosmetic restorative care. He has worked extensively with CEREC 1, 2, 3, 3D and the most recent CEREC AC and truly understands the clinical ramifications of chairside CAD/CAM dentistry. He is the first to have won awards for aesthetics with anterior and posterior CEREC dentistry. Dr. Masek is a 1976 graduate of USC School of Dentistry and his San Diego based private practice focuses on CEREC restorative and cosmetic dentistry. Dr. Masek founded Dentistry By Design, Inc. in 1993 to provide postgraduate CEREC training for dental professionals and he is internationally recognized as a lecturer, author and authority on the CEREC System. He has created a unique, state-of-the-art, hands-on environment where dentists of all levels can gain confidence and knowledge, distilling his nearly 20 years of CAD/CAM experience into techniques that are both easily understood and employed.
